

SCHOLARSHIP FORM

— EXPLORE LEARN MOVE

DETAILS

We believe that all families deserve the right to access healthcare in Australia. This includes having access to early intervention. As part of our vision we have launched our scholarship program to provide families with free access to our online resources. Our aim is to provide more children and families with access to child therapists in a timely manner so that you can start working towards goals immediately. We can also help you understand and navigate different funding options to help your child with the best start to life.
